**Classes begin the week of September 8th and continue on a monthly basis
culminating in a Production Recital June 6th 2026**

Welcome to Dance Arts! We are thrilled to start our 67th season of dance with you!

Our theme this year is Big Dreams, Start Small!

So we encourage you to dream with us and step into those goals and dreams with courage and confidence!

We welcome you to our dance family! We are delighted you want to dance, learn, grow, and create with us!

Dance Arts is committed to building character and enhancing lives through our programs, performances and classes.

We strive that each dancer embodies integrity, respect and creativity. Whether it be a career or for the joy of movement we value each and every student.

We guarantee family friendly & age appropriate costumes, choreography and music!

Each student (ages 0-18), every year is evaluated for placement and it is communicated through email where each student gets placed. We start every dancer at the beginner level (including Ballet I/II/III) and progress to Elementary then Intermediate then Advanced. Teen & Adult classes are open/mixed level classes. We value the process & progression and we believe firmly in ballet being the foundation for all dance. We strongly suggest each dancer start in ballet and then add tumbling at age 5, tap at age 6, jazz at age 7, and hip hop and contemporary at age 8.

Our main goal is to help the dancers learn more about their specific form of dance. But in addition,

- we want them to realize the art, culture, and heritage of their chosen form
- to achieve a disciplined attitude
- to have more self awareness
- to know self-discipline, physical development, & achievement go hand in hand
- to find & obtain the joy for music & movement

We look forward to a new year of classes, new friends, new skills learned, as well as our Production Recital in June 6, 2026, Studio Dance Theatre, Dance Arts Performing CORE and Imagine Worship events. We are blessed to have Miss Hazel's Music Studio offering guitar, piano, and voice lessons all year to help make our dancers well rounded individuals. This will be our 4th year of the Dance Arts Teaching Conservatory, where I will mentor students and give them tools to teach dance and help pass it on to the next generation. We love to give our dancers opportunities in many different facets and areas of dance. We are a studio that believes in well-rounded dancers and we aim to inspire. We are excited and thankful to start a new year with YOU!

Love,

Ms. Sarah L. Hannich
Director of Dance
